## **SOME QUESTIONS ANSWERED BY ANGELA**

FamilyTime is the perfect app to share and create memories with your family. FamilyTime is a free, unlimited photo and video editor that allows you to create albums of your memories. It has a special filter for the perfect summer look and is so simple to use.

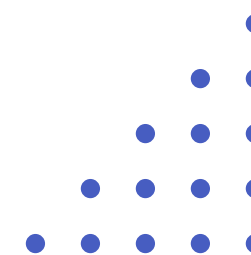

Create promo copy for the FamilyTime mobile application. It allows unlimited uploading, special filters and makes it easy to create albums of photos and videos. It runs on iOS and Android:

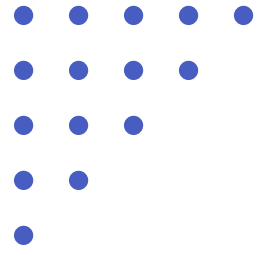

Translate this into  
French: Where can I find  
a bookstore?

Où puis-je trouver un  
magasin de livres?

Summarize this email into a single sentence:

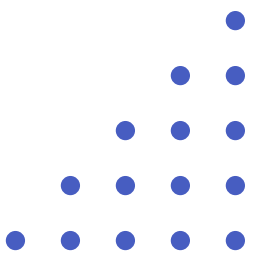

Dear Olivia,

The solar energy conference went great. New Horizon Manufacturing wants to meet with us to talk about our photovoltaic window system we're about to launch. I think it would be great to talk this Tuesday.

Best,

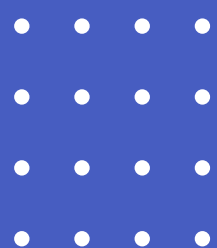

Allison is excited to meet with New Horizon Manufacturing to discuss their photovoltaic window system.

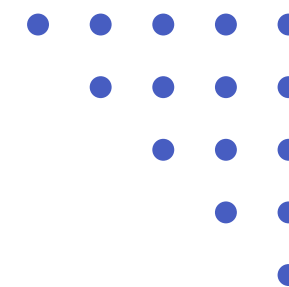

# BUT WHY ANGELA OVER GOOGLE ASSISTANT/ SIRI AND OTHERS?

- Available on Whatsapp
- To the precise answer
- Can answer like a real human to a variety of questions
- Can also solve code related problems
- Also give to the point medical advices

- Open seperate app
- Gives multiple links via search
- Gives searches instead of understanding the quesiton
- Cannot understand code related problems
- Multiple medical advices which confuses the user
